P. Panchanatha Rao, Esq., Senior Assistant Commissioner.
Mr. T. Ramachandra Rao, Amildar, Heggaddevankote Taluk.
Mr. Davud Khan, Pensioned Amildar, Mysore.
Mr. Srirangachar, Jodidar, Sosale.

1. Read statement of expenditure on works executed by the Public Works Department for the four months ending 31st January 1895. The statement showed that a sum of Rs. 6,517 was spent on original works, Rs. 12,424 on repairs, and Rs. 4,727 on establishment, for the seven months from the beginning of the current official year. The percentage of total expenditure to the grant was 55·9 The Board approved of the same.

2. The statement of expenditure on works executed by the Revenue Department was next placed before the Board. It embraced the same period of seven months and showed that the sum of Rs. 3,149 was spent on well-works, &c. The Board was rather dissatisfied that in the Yedatore and Heggaddevankote Taluks no attempts had been made to undertake new works, and resolved to call upon the Amildars of those Taluks to exert themselves in this respect.

3. Read G. O. No. 11033—L. F. 46-94, dated 17th January 1895, declining to sanction the estimate for Rs. 1,367 for the construction of side-drains in the village of Hanasoge, Yedatore Taluk, with the remark that, if the village was large, arrangements should be made for making it a Municipality.

*Resolved* that the same be recorded.

4. Read G. O. No. 12127-35—L. F. 129-94, dated 13th February 1895, directing that estimates for all 'original works,' costing Rs. 200 and upwards, to be carried out by the Revenue Department, be sent to the Executive Engineer for opinion and remarks, before submitting them to Government for sanction.

*Resolved* that the same be noted for future guidance.

5. Read G. O. No. 12534-44—R. F. 116-92, dated 24th January 1895, requesting to report whether 'Government Topes' would not be better maintained if they are made over to District Fund Boards, the cost of their maintenance being met from the income of the topes and other funds at their disposal.

The Board thought that the suggestion was a good one, and resolved that the same be adopted and the formal sanction of the Government obtained therefor.

6. Read Docket No. 11239—L. F. 46-94, dated 24th January 1895, from the Chief Secretary, requesting to be informed how it is proposed to maintain the cleanliness of the drains, after they are once built, at Hulahalli, Nanjangud Taluk, with reference to an estimate for Rs. 301 submitted for sanction.

The Amildar represented that the village servants would attend to the up-keep after they are constructed; and the Board resolved that sanction of the Government be obtained at an early date for the estimate under the above representation.

7. The following papers were also placed before the Board and recorded :—

(1) Order No. 323, dated 21st January 1895, sanctioning the establishment of a cattle-pound at Guluvina Attikuppe, Yedatore Taluk;

(2) Order No. 229, dated 21st January 1895, sanctioning the temporary Patel at Yediyur, Ramasamudra Hobli, Chamrajnagar Taluk, to be in charge of the cattle-pound there as the permanent Patel is dead;

(3) Order No. 169, dated 21st January 1895, sanctioning the purchase of one acre of land instead of 2 acres and 30 guntas as proposed by the Amildar, for the construction of a Musafarkhana at Kowlandi, Nanjangud Taluk;

(4) Order No. 170, dated 21st January 1895, sanctioning a supplemental estimate, amounting to Rs. 58, from District Funds, for sinking a well at Hadya.

8. Read Executive Engineer's Docket No. 327—103, dated 28th January 1895, proposing certain modifications as noted in the margin in the District Fund Budget for 1894-95 to meet the present requirements of the annual repairs of Hunsur-Begur road and Mysore : Talkad-Sivasamudram road.

*Resolved* that the same be approved and application be submitted to Government for sanction.

9. Read Government Proceedings No. 9877-85—R. 1489, dated 14th December 1894, directing the employment of Tank-Inspectors and Sub-Overseers only on work connected with the restoration and improvement of tanks and prohibiting the use of their services on Local Fund and Municipal works.

In this connection, all the Amildars present said, that it was not possible for them to prepare estimates for wells and other works, or get them executed without any professional agency, and that the Tank-Inspectors and Sub-Overseers are not used to the prejudice of their proper work.

As there were many works to be carried out from District Funds, in connection with sinking wells, repairing drinking kattes, constructing chavadis, and other matters of village sanitation, it was proposed that it was very necessary to obtain the sanction of Government to entertain a temporary Taluk Mestri for each Taluk on salaries of Rs. 15, 12, or 10 a month according to the amount of work of each Taluk.

10. Read Hunsur Taluk Amildar's report No. 928—1226, dated 1st March 1895, submitting for sanction a revised estimate, amounting to Rs. 646, for sinking a well at Bettadapur.

It was explained to the Board that the Sub-Overseer to whom the correspondence was referred for a report, after inspecting the place, reported that the work was quite necessary.

*Resolved* that the supplemental estimate be passed and submitted to Government for sanction.

11. Read office memo bringing to notice the increase of work in the Local Fund Department of the District office for the following reasons :—

(1) the preparation and checking of estimates of well and sanitary works;

(2) the various monthly and annual forms of accounts prescribed by Government;

(3) the increase of the number of meetings and the general increase of correspondence.

The President explained to the Board that recently, on a requisition to the Chief Engineer with regard to increase of work in that branch, the establishment of that department was raised, and that correspondence in the Local Fund Branch is heavier than in the other branch; and the proposal was carried that the Government be requested to sanction the entertainment of two hands, on Rs. 25 and Rs. 15, to cope with the increased work, in lieu of the present establishment of one clerk on Rs. 20.

12. Of the absent members, Mr. T. Ramachandra Rao, Amildar, Heggaddevankote Taluk, wrote, explaining that he was unable to attend the meeting on account of the Huzur Jamabandi of the Taluk. Of the other members, Mr. Srirangachar intimated that he was at Thindivanam in the Changalpet District for treatment of his eyes. Mr. Davud Khan could not be served with intimation of the meeting as he was absent from Mysore.

The meeting began at 3 and closed at 6 P. M.
